2008 Grand Marquis in excellent condition and super reliable! 126,000 miles and runs great. I would not hesitate to sell this car to family or friends. Adult, non-smoker owned. All maintenance has been impeccably done. I would keep this car, and hate to even see it go, but we have too many vehicles and we don't use it much. There is a reason Grand Marquis were used as police cars, and taxis...its comfortable! I am firm on the asking price as it is an awesome, well maintained car. \$3900.
